Subject Quotations for new items

The Federal Alcohol and Tobacco Tax and Trade Bureau (TTB) has recently completed its electronic label approval project, and suppliers may now file for their Federal Certificate Of Label Approval (COLA) online. As a part of this program, suppliers who file online must also attach an electronic image of their label with their application. This image is then loaded to the TTB database, and is available for viewing online.

As an enhancement to Michigan's E-Quote electronic quotation filing system we can now link directly to these images. Thus if you file your application for COLA electronically, and provide a label image to the TTB, you will not have to submit an email or website image of your label to the MLCC E-Quote system.

We have modified our New Item and Correct Pending Item screens to reflect this change, and also as a reminder to our suppliers of this new way to process COLAs.

Images of Value Added Products must continue to be available by website, or emailed to us. We prefer an image on a website.

The State of Michigan is pleased to announce this enhancement to E-Quote. We are making it easier and faster to do business with the MLCC.

If you have any questions regarding this matter, feel free to contact Cindy Schrader at 517.322.5882.
